

# PY20S Photographer Research Assignment

## Instructions:

For your next assignment you will choose a photographer to research. You can choose a photographer from the list provided or research one in a field you have an interest in. For example, if you are a hockey fan you may wish to research some top hockey photographers and study them. You may also choose a family member or friend who may be a photographer. Once you have chosen a photographer you will research your artist's life and work. You will then prepare your findings in a PowerPoint or Keynote presentation. There should be at least 14 slides to your presentation including the following:

1. Background and history of their life
2. Major influences and interests to their photography work
3. Educational background
4. Published works (Website, Instagram, Galleries, DVDs, Books, etc.)
5. Choose 8 Photographs to share (1 per slide)
6. With each of the 8 photographs, discuss what you like OR dislike about the photo
7. Your own opinions and insights into their life and works
8. Conclusion

Your final presentation will be shared with the class. Evaluation will be as listed below.
